Recommendation letter

To whom it may concern

The association POTENTIAL 3.0 recognized the problems in the health care system in the Una-Sana Canton and created a project proposal "Creation of Oncology Network of Health and Environment".

Considering the importance of this project for the Una-Sana Canton, which will make a great contribution to improvement of a health care system in the Una-Sana Canton, it is my great pleasure to recommend this project for funding and implementation.

Development Agency of the Una-Sana Canton was established with the goal of contributing to economic growth and development of the Una-Sana Canton and north-western B&H has been implementing development projects for the last 9 years and supports each initiative contributing to reaching our goals.

Development Agency of the Una-Sana Canton

Director

Samir Jodanović
